Station Madras, *Dated the* 14--5-- 192 8.

From (Name) R.G. Grieve Esq., M.A., F.R.G.S.,

(Designation) Ag: Director of Public Instruction.

To The Secretary to the Government of Madras,

LAW AND EDUCATION Department.

Sir,

P4-7 infra

In submitting herewith letter R.C.No. 693-5-27 dated 29-11-27 of the President, Taluk Board, Mangalore, I have the honour to state as follows:-

P.24 M

2. In G.O. No. 895 L.E. dated 10-5-27 Government have promised a subsidy of Rs.5,200 to the Taluk Board, Mangalore towards the construction of (1) a Girls' School building at Panamburu, (2) improvements to schools at Mulki, Panamburu, Pudur, Balipuni, and Malali and (3) providing tiled roofs to schools at Kaligi, Kavalamuduru, Devashiapadinur and Kolla. The President in his letter under reference requests Government to accord sanction for the diversion of the grant ~~provided~~ promised by Government towards the construction of two school buildings viz. the Girls' school referred to in (1) above

P4-7 infra

above (at a lesser cost) and the Baikampady Hopla School, to Manimalkur and Bijai Schools in addition to the improvements improvements referred to in (2) above and providing tiled roofs to Kavalmudur, Koila, Mallige or some other school buildings excepting Devashyapudur referred to in (3) above. In the revised proposals the cost of original estimates has been reduced and new items are included. The construction of Baikampady Hopla school building and the improvements to Manimalkur and Bijai Schools have been included in the revised proposals, and the construction of Devashyapadur school has been dropped as the villagers have promised to construct a new building for this school and make it over to the Taluk Board.

3. A building is necessary for the Girls' School at Panambur as it is at present held in a very unsuitable locality. The School contains 4 standards and its total strength is 47 and its average attendance 31. It is reported that the strength and attendance of the school will increase in due course. The President's proposal to construct the school building at a lesser cost is recommended provided that for the reduced expenditure a building of sufficient size for the girls' school can be provided, and is so designed as to admit of easy extension if the school develops.

As regards the Boys' School buildings proposed to be constructed by the Taluk Board, it is submitted that their existing accommodation is reported to be very unsatisfactor Baikampady Hopla School is held in a rented building a portion of dwelling house, ill-lighted and ill-ventilated. The strength and attendance of the school is 87 and 47 respectively in its three standards. A building is therefore very urgently required, for this school. Manivalkuru and Bijai Schools are in need of extension of accommodation They contain 4 standards each. Both the schools are thatch buildings. The total strength, attendance, and the floor space provided in the schools are given below :

School.	Strength.	Attendance.	Floor
Manikalkuru	102	62.9	792 s
Bijai	235	177.4	1824

Accommodation is insufficient even for the present strength of the schools at the rate of 9½ sq.ft per pupil.

5. The total cost of the revised estimates does not exceed the cost of original estimates i.e. Rs.10,400. The proposed diversion of grant is recommended subject to the condition that the Taluk Board is prepared to meet the extra cost, if any, on account of the revised proposals, over and above the promised grant and that they are executed to the satisfaction of the inspecting officers.

p. 2 flag (M)

I have the honour to be,

Sir,

Your most obedient servant,

M. A. Candell

For Director of Public Instruction.

Endorsement by M. R. Ry Rao Saheb B.Mahabala Hegde Avargal, B.A.B.L., President, District Board, South Kanara.
